**You don't dare say that word—this is Mercer!**

Jimmy Newson stops by campus just in time to talk in "Oklahoma!"

Those who missed the first presentation of Oklahoma! last night will certainly not want to miss it again tonight. The performance based on Lerner and Loewe's "Green Grow the Lilies," set to music in a delightful way by Rogers and Hammerstein. Curtain time is 8:14 P.M.

Curtley McLain, played by Bruce Powers, opens the play in a light mood with "O What a Beautiful Morning," which is apparently enjoyed mightily by Aunt Elmer.
